Click on the letters to browse alphabetically.

Click on selected subject headings to browse by these categories.

The right column on these lists of subject headings, titled "Code", provides the call number for each picture file subject. Picture files are arranged on shelves alphabetically by these call numbers.

These subject headings give an overview of the richness of the collection; however, the subject terms assigned to pictures are often different from what you would expect. Please consult the staff at the Picture Collection, who are always happy to help you locate files with pictures on the topic of your choice.
